

The Paducah Sun.

VOI. XVII. NO. 115.

PADUCAH KENTUCKY, MONDAY EVENING, MAY 15, 1905.

10 CENTS PER WEEK

AN AWFUL TRAGEDY IN MEMPHIS SALOON

**Young Watchman Kills Woman
and Her Lover.**

**He Returns Four Hours Later to the
Scene of the Crime and Com-
mits Suicide.**

JEALOUSY WAS THE CAUSE.

Memphis, Tenn., May 15.—Tom McCall, aged 25, a watchman, shot and instantly killed Eva Ferguson, a woman of the half world, and Hal Williamson, her lover, in the latter's saloon. Williamson had succeeded him in the woman's affections.

Four hours after, in the presence of his brother, within a stone's throw of the house, yet red and wet with his victims' blood, McCall, with the same weapon, sent a bullet crashing into his own skull, and sank into the mud of the gutter.

McCall and Williamson had been friends. McCall had been in Williamson's saloon throughout the afternoon and the ledger showed several entries against him.

According to the statement of one who was close to the dead men, the woman had wrought the ruin of both.

By one of those strange coincidences so often associated with crime, Tom McCall, sobered and remorseful, staggered by the magnitude of his deed, encountered Robert Williamson, a brother of his victim, on Beale street.

"Who killed Hal?" was Robert Williamson's first question.

"I did," answered Tom McCall, sorrowfully.

It is said that the scene of his crime draws the murderer back through some subtle irresistible attraction. Tom McCall, evading the vigilance of scores of patrolmen and detectives, walked back to the Tennessee House, near Hal Williamson's saloon. There he met his brother, Nick McCall. They fell into each other's arms. Few words were spoken.

"Tom, I want you to go with me," said Nick in a voice broken with grief.

"All right, Nick," he answered. They started across Calhoun street, Nick a few paces in advance.

Suddenly he heard the report of a pistol behind him. Turning quickly, he saw Tom McCall sinking to the muddy street, a crimson stream trickling down his face. The fatal weapon had claimed its third victim and lay gleaming in the mud at his side.

DASTARDLY DEED.

**Santa Fe Train Wrecked and Several
Badly Hurt.**

Emporia, Kan., May 15.—Santa Fe passenger train No. 17 was derailed by train wreckers a mile east of town yesterday. Six persons were injured and two probably will die.

The injured:
James Eger, 79 years old, of the Soldiers' Home, at Leavenworth, fatally injured.

J. O. Rice, Santa Fe car repairer, badly injured.

Nate Hendricks, Roswell, N. M., condition serious.

J. L. Cooper, Spickards, Mo.
E. A. Taylor, Kansas City, Mo.
F. A. Groves, fireman, Topeka.

This is the fourth attempt in the last four months to wreck passenger trains in the same place. Previous attempts were made by piling ties on the track without serious results. This wreck was caused by removing the spikes and fish plates of two rails on the inside of a curve.

Hart County Primary.

Munfordville, Ky., May 15.—The republican primary to nominate candidates for the county offices for Hart county was held Saturday, with the following result: County Judge, L. G. Johnson; county clerk, Harry Amos; county attorney, Sam Wilkerson; sheriff, B. G. Jones; school superintendent, W. H. Strange; jailer, J. P. Logsdon; legislature, W. T. Butten.

Capt. Hobson to Run For Senate.
Birmingham, Ala., May 15.—It is regarded now as practically certain that Captain Richmond P. Hobson will be a candidate for congress again next year in the sixth district. He has practically stated that he will be in the race while his friends do not pretend to deny that fact.

DOWN AND OUT.

**Jeff Goes to California, Sick and De-
termined to Quit Ring.**

Chicago, May 15.—James J. Jeffries, the champion heavyweight pugilist of the world, has been knocked out. Disease has accomplished what no human being was able to do. A combination of rheumatism and malarial fever has put the pugilist out of the fighting game for all time, according to an announcement made by Jeff, who cancelled all theatrical engagements and started for California last night in an effort to regain his health. Jeff is going to Los Angeles where he intends to build a home. In the future it is his intention to devote his time to several valuable mining claims he and one of his brothers possess in Arizona.

CATHOLIC KNIGHTS.

**Elect Supreme Officers—Meet Next
Time at Cincinnati.**

St. Louis, May 15.—After electing the following officers the biennial convention of the supreme council of the Catholic Knights of America, which had been in session here for the past week, adjourned to meet in Cincinnati in May, 1907: Supreme president, Dr. F. Gaudin, New Orleans; supreme vice president, H. F. Crogan, Providence, R. I.; supreme secretary, Anthony Matre, St. Louis; supreme treasurer, J. C. Carroll, St. Louis; supreme trustees, Adam W. Jaeger, Chicago; Michael Quinn, Brooklyn, and Peter Wallraich, Evansville, Ind. Delegates to American Federation of Catholic Societies, Edward Feeney, Brooklyn and Joseph Bernigg, Cincinnati.

MRS. TOM LEE DEAD

**FORMER RESIDENT OF PADUCAH
DIES IN MEMPHIS.**

**Remains Will Be Brought Here To-
night—Burial at 10 a. m. To-
morrow.**

The news of the death of Mrs. Thomas Lee, of Memphis, Tenn., was received here today, and came as a shock to her relations and many friends in the city. The remains will be brought here this evening over the N. C. & St. L. for burial. The funeral will be held tomorrow at 10 a. m. from the Broadway Methodist church, Rev. T. J. Newell officiating. The interment will be at the family lot in Oak Grove.

Mrs. Lee was the wife of Capt. T. S. Lee, formerly a prominent citizen of Paducah and a member of the Fowler, Lee & Crumbaugh boat store here. The family resided at Sixth and Monroe streets, for many years, and left here for Memphis to live about twenty years ago.

Mrs. Lee was very much beloved here and was a noble woman possessed of many lovely and fine characteristics. She leaves besides her husband, one daughter, Miss Julia Lee, and two sons, Vern and Edgar Lee, and several grandchildren. She was about 65 years of age. The body will be taken to the home of Mrs. Van Pelt, 421 Clark street, who is a sister of Capt. Lee, until the funeral tomorrow.

ATTORNEY SEAY

**Is Employed to Defend a Kentucky-
ian in Missouri.**

Attorney Pete Seay, of Mayfield, was in Paducah this morning on business. Attorney Seay has been employed to defend Arthur Miller, of Calloway county, who is alleged to have murdered a Frenchman named Laplant in Missouri in January. Miller was just arrested a few weeks ago and has employed Attorney Seay who will go over in a few days to confer with his client.

170 DEAD.

**This is Now the List of Cyclone Vic-
tims.**

Snyder, Okla., May 15.—The number of dead by the cyclone is now placed at a hundred and seventy, and a number of the injured are in a serious condition, and will probably die.

Sanitarium Burns.

Grand Rapids, Mich., May 15.—The Grand Rapids sanitarium was entirely destroyed by fire this morning, but there were no patients in the building.

DIOCESAN COUNCIL MET AT LOUISVILLE

**Rector D. C. Wright, of Grace
Church One of the Delegates.**

**Congregation at Temple Israel Calls
Rabbi Lovitch—Several Visit-
ing Ministers Here.**

NEWS OF LOCAL CHURCHES

The seventy-seventh annual council of the Kentucky Diocese of the Protestant Episcopal church is being held in Christ church Cathedral at Louisville. It convened yesterday and lasts today and Tuesday. The council is of especial interest in view of the fact that it is the first at which the Rt. Rev. Charles Woodcock, Bishop of Kentucky, has presided.

The opening service of the council began at 8 o'clock last evening. A sermon was preached by the Rev. L. E. Johnston, rector of Grace church, Louisville. After the celebration of Holy Communion, in which Bishop Woodcock officiated, the council organized for business. Tuesday the principal address will be made in the evening by the bishop.

Rev. D. C. Wright, rector of Grace Episcopal church, left last night to attend the council. He will be a guest at the home of the Hon. Henry Burnett on Fourth avenue, Dr. R. A. Hicks, also, left last night and will represent the laity of Grace church in the council.

A congregational meeting was held Sunday morning at Temple Israel, and Rabbi Lovitch, of Cincinnati, a young rabbi just out of college, was called.

Rabbi Lovitch came here several weeks ago and lectured. He was the third to come on trial and made such an impression that the congregation called him unanimously.

The young divine will probably be here within two weeks to conduct meetings until the second week in June, when the church is closed until September 1.

Rev. T. M. Milburn, of the county preached at the Cumberland Presbyterian church yesterday morning and evening. Mr. Milburn is a vigorous speaker and delivered practical, earnest discourses.

This pulpit has been vacant since the Rev. George Bachman resigned last February, and nothing definite has been done about calling a minister.

Rev. J. S. Cheek, of the First Baptist church, is out of the city attending the Southern Baptist convention at Kansas City, Mo., and his pulpit was filled yesterday morning by Rev. J. L. Perryman of the city. There was no service at night. Dr. Cheek will return the latter part of the week.

The Rev. Mr. Connell, of Hickory Grove, filled the pulpit of the Mechanicburg M. E. church yesterday. Mr. Connell has had charge of this church since the former pastor, Rev. Robert Cummins, left for Illinois several months since, and is meeting with fine success in his work, and he preached to large congregations yesterday.

An especial German song service was rendered yesterday morning at the German Evangelical church on South Fifth street. The music was very beautiful and gave much pleasure to the big congregation who heard it. Solos were rendered by Mrs. Silas Bryant and the Rev. Wm. Bourquin and the rest of the music was by a quartette choir.

The song service in German is a very attractive feature of worship.

300 MOROS ON ISLE OF JOLO HAVE BEEN KILLED.

Manila, May 15.—Pierce fighting the past two weeks on the island of Jolo between troops under the personal command of General Leonard Wood and the outlaw Moro chief named Pala, with 600 followers, resulted in killing of 300 Moros and the loss of seven killed and sixteen wounded by General Wood's force. Pala and his remaining followers are surrounded in a swamp.

JESSIE BARTLETT DAVIS

**Well Known Former Member of the
Bostonians Dead.**

Chicago, May 15.—Jessie Bartlett Davis, the well known actress, died suddenly at her home here yesterday, cause heart disease produced by nephritis.

She was taken ill Friday, and Saturday morning became unconscious, from which condition she never recovered.

When physicians first diagnosed her illness Friday no alarming symptoms were apparent, but Saturday morning she grew suddenly worse, until 6:30 yesterday, when she died.

Mrs. Davis was in Paducah two years ago and sang at the Kentucky theatre at an entertainment given for the home of the Friendless.

REDUCTION OF RATES

**By Ohio River—Chicago Lines Not
All the Shippers Want.**

Chicago, May 15.—Under the leadership of the Illinois Central and the Frisco roads, the Ohio river-Chicago Lines have decided to reduce rates from Chicago to Southwestern markets to meet the reductions made by the St. Louis lines to the same territory. Effective May 16, the rates will be reduced as follows:

On first class five cents; second class, four cents; third class, three cents; fourth, fifth, sixth classes, two cents. These reductions are made by agreement with the Southeastern roads that corresponding reductions will not be made from the eastern centers. The concession is not all Chicago shippers are demanding, however.

SUMMER THEATER

**WILL HAVE ONLY THE BEST AT-
TRACTIONS.**

**Manager William Malone Returned
Saturday from Trip to
Chicago.**

Manager William Malone has returned from Chicago, where he went to arrange for attractions for the summer season at Wallace park theater. He succeeded in getting one of the finest motion picture machines made, and will have it, in connection with illustrated songs, for two weeks, and probably three. He saw the work of the machine at Chicago, and states that it is the finest he ever witnessed. He will have in connection with the machine, two weeks or more of first class vaudeville. He has secured several good sketch teams, and will know shortly exactly who has been signed.

Later on he will have a stock company—a better one than he had several years ago, when he managed the park theater. It will also be good news to Paducah theatergoers to know that both Mr. Malone and his wife will be members of the stock company, and have parts in the cast. It has been several years since Mr. Malone appeared, but he has had fourteen years' experience on the stage, and never gets "rusty."

The park theater will open very shortly now and will continue until the middle of August, if not later. Manager Malone expects to give the public one of the best summer seasons Paducah ever had.

Locates in Lexington.

Mr. W. H. McConnell left at noon for Lexington, Ky., to accept a position in the state office of the King-Richards Pub. Co., of Springfield, Mass. He was formerly with the company but on account of bad health was forced to retire for the summer. He taught school during the summer, this being a work he could do without injuring his health.

No Place For Postoffice.

Washington, May 15.—The postmaster at Snyder, Oklahoma, wires "A cyclone destroyed the town and unroofed the postoffice. A flood followed twenty-four hours later, and ruined all the supplies. All the rural routes are abandoned, and no building for the postoffice is available."

Rugby Factory Promoter Here

Mr. J. V. Hardy, of St. Louis, who is to be one of the principal owners of the new buggy factory to be established in the Forked Deer Pants building at Ninth and Harrison streets, arrived this morning, and is now preparing to file articles of incorporation.

A QUIET MAY DAY ALL OVER RUSSIA

**Threatened Bloodshed and Rev-
olution Failed to Come.**

**Now Believed the Two Russian
Squadrons Have Not Effected a
Conjunction Yet.**

EMBARGO IS ON COAL NOW

St. Petersburg, May 15.—The widely heralded May day demonstrations at St. Petersburg were a complete fiasco, and reports from Moscow and provinces indicate that order reigned Sunday generally throughout entire Russia. Minor disorders are reported at Reval, Kishineff and one or two other places, but up to midnight no reports of serious tumults or loss of life were received, and the attempt of social democrats and social revolutionists to signalize May day by great anti-government demonstrations appear to have been a failure.

Returned to the Bay.

Tokio, May 15.—It is definitely known now that the Russian fleet, after leaving Hon Kohe bay temporarily May 8 returned to the bay and still is anchored there.

Russians Steamers Sighted.

Singapore, May 15.—The steamer Jason arrived here and reports that she sighted Friday thirteen Russian warships off Cape Varella. Cape Varella is a small promontory off Cochin China, just north of Hon Kohe bay, which the Russians sometime ago used while coaling and replenishing ships.

Embargo On Coal.

Tokio, May 15.—The government has prohibited the exportation of coal to Saigon, and the embargo will be maintained as long as the Russian squadron remains in Indo-Chinese waters.

British Ship a Prize.

Nagasaki, May 15.—The naval prize court at Sasebo has confiscated the British steamer Sylvania. The Sylvania was captured February 20 bound for Vladivostok with Cardiff coal aboard. The place of capture was not reported at the time.

80,000 Fresh Troops Arrive.

Gunshu Pass, Manchuria, May 15.—About eighty thousand fresh troops from Japan have arrived at the front and are being stationed by Field Marshal Oyama in various posts, in anticipation of an early advance.

Another Transport Sunk.

London, May 15.—A dispatch from Chefoo says that a second Japanese transport was sunk in the Gulf of Pechili by a mine at the same time the transport Sheyutsumaru went down May 4.

Many Troops Arriving.

Gunshu Pass Manchuria, May 15.—The Chinese report that Marshal Oyama is receiving large masses of troops toward Unsingai, where concentration is progressing and the river is being bridged by pontoons.

Squadrons May Not Have United.

London, May 15.—The St. Petersburg correspondent of the Pall Mall Gazette wires that the Russian admiralty believe that the divisions of the Baltic fleet commanded by Rojestvensky and Nebogatoff have been in communication, but probably have not effected a junction. The failure to unite was probably due to an accident to one of Nebogatoff's vessels.

Robber Loses a Leg.

Barbourville, Ky., May 15.—John Smith, who, with another negro, from Four Mile, Ky., was caught in the act of robbing the dry goods store of A. D. Herndon when he attempted to escape, was shot by John Bowman, a merchant, who had been watching the two men during the night. Smith was wounded in the arm and leg. His leg was taken off and he may die.

Volcano More Active.

Honolulu, May 15.—Kilauea volcano is increasing in activity, and is throwing lava high in the air. The entire inner crater is filled, and great sheets of flame burst from its mouth, following constant explosions.

A GREAT STRIKE MAY BE AVERTED

**Both Sides Hesitate Before Go-
ing Farther.**

**The Teamsters Decide Not to Call Off
the Contest—A Bigger Strike
is Talked Of.**

IT MAY YET BE PREVENTED.

Chicago, May 15.—Before plunging the city into a greater strike, the leaders of both sides are hesitating today, and a reactionary force may avert the spread of trouble. Everything in the strike, it is believed now, hinges upon the action of the team owners association, the dominating organization in the teaming interests of Chicago.

It had been declared that unless compromises are offered by all opposing interests in the fight now in progress between capital and labor, the teamsters' strike will spread manifold during the next forty-eight hours. The refusal of the teamsters' joint council, representing 35,000 union drivers, to accede to the demands of the Chicago Team Owners' association, to handle merchandise for all business houses having contracts with members of the owners' organization, without discriminating against firms involved in the present strike, has brought controversy to a point where a speedy settlement will have to be made to prevent extension of trouble.

There is probability, however, that the whole trouble may be satisfactorily adjusted without resorting to such drastic measures.

Marching with draped banners and muffled drums not less than two thousand union men followed the remains of the strike victim, Geo. S. Pierce, from his late home to the union station yesterday.

The body was taken over the Pennsylvania railroad to Louisville for burial.

Charles J. Casey, the business agent of the carriage wagon workers' union, charged with being an accessory to murder in bringing about the "slugging" of C. J. Carlstrom, waived identification and was held to the grand jury without bail. Several men arrested fifth Casey were held under bonds ranging from fifteen to twenty thousand dollars.

DEAD MAN FOUND.

**In I. C. Box Car at Cairo—Got
Aboard in Tennessee.**

Cairo, Ill., May 15.—Yardmaster Harper, of the Mobile and Ohio railroad, made a ghastly find yesterday morning when he discovered that the man he supposed was lying asleep in an Illinois Central box car in the Mobile and Ohio yards was dead.

Mr. Harper noticed the man lying on the floor of the car, face downward and called to him to get out. Failing to get any response he climbed in the car and shook him only to find that the man had been dead several hours.

The dead man entered the car at Humboldt, Tenn., Saturday night about 10 o'clock.

There was nothing found in the pockets to show who he was and in fact nothing was found except a dollar and a half. It was learned that he was a berry picker and that he had been working in Tennessee and was on his way to Villa Ridge to work. Death was probably due to heart trouble.

THREE WILD THROWS LOST FOR INDIANS

A Snappy Game of Ball Witnessed by Large Crowd.

Paducah Meets Defeat for the First Time This Season at the Hands of the Hoosiers.

AND CAIRO ALSO LOST SOME

	W.	L.	Pct.
PADUCAH,	9	1	.900
Vincennes,	8	2	.800
Cairo,	6	4	.600
Henderson,	3	7	.300
Princeton,	2	8	.200
Hopkinsville,	2	9	.182

Yesterday's Results.

Paducah, 0; Vincennes, 3.
Cairo, 1; Princeton, 6.
Henderson, 3; Hopkinsville, 2.

Today's Schedule.

Vincennes at Paducah.
Princeton at Cairo.
Hopkinsville at Henderson.

Yesterday's game at the end of the ninth inning should have been 0 to 0, and they might have played until dark, but three wild throws declared it otherwise, and Eddie Kolb's aggregation of Hoosier pennant aspirants walked off the field with the first Indian defeat of the season credited to them. It was not only a victory, but worse still, a shut out.

It was a fine game, although the Indians were defeated. The Hoosiers played steady, errorless ball and the Indians did not. This is the whole story.

Nonemaker was in the box for the Hoosiers and South for the Indians. South is a youngster, but about as fast as any twirler in the league, taking his experience into consideration. Nonemaker came out of Detroit, Mich., in the Central league, and is an "old head," but South ran him a tight race for honors. The Hoosier twirler, by way of comparison, allowed three hits, walked no one and struck out three, while South allowed three hits, walked two men, made one wild pitch, and fanned six.

In the first inning the Hoosier tallied two scored on errors made in quick succession. Cooper was first up and sent a hot bouncer at South. The twirler knocked it down, but it was too hot to handle in time to retire the runner. Hahn attempted to sacrifice and South went after the sphere. The twirler threw wild to Perry, the ball going over his head. Taylor captured the horsehide and sent it after Hahn, who had gone on around to third. Taylor miscalculated his distance and threw over Bohannon's head. Two runs came in on the errors. The Indians settled down and played fast ball, but they had already lost the game. Barbour flew out to McClain and Wilkerson knocked one down near home plate which Land fielded to Gilligan. Bierkorte retired the side by grounding out from Perry to Gilligan. Two runs.

The Hoosiers scored another run in the sixth through Perry's wild throw. Cooper, who had a single and triple, was given a pass to first and Hahn sacrificed to second. Barbour popped out to Perry and Wilkerson hit a hot one to Perry who

threw over Gilligan's head, one run being scored. Wilkerson tried to steal third and slid over the base, retiring the side. One run.

The Indians failed to overcome the lead, in fact so invincible was Nonemaker that they couldn't do anything with him. His work was excellent, retiring the side in one, two, three order for several innings.

The Summary Follows.

Cairo Loses Again

Cairo, Ill., May 15.—Cairo lost again yesterday, although it seemed that the former "Clumps" had the victory within their grasp all the time. The Infants did the work, defeating them by a score of 5 to 1.

	R	H	E
Princeton,	5	6	1
Cairo,	1	3	1

Becker and Keller; Ashley, Ec-stone and Harvey.

The "Hens" Won.

Henderson, May 15.—Henderson turned the tables on the Hoppers yesterday. It was a pitchers' battle, but Bomar was found when hits were most needed. A large crowd witnessed the contest. Score:

	R	H	E
Henderson,	3	4	3
Hopkinsville,	2	4	2

Batteries—Asher, Kubitz and De Wesse; Bomar and Rutledge.

Henderson, who has been on Evansville's reserve list, has joined Hoptown, to play second base.

C. C. Gosnell, Edwin Kahn, Harry Chaney and Hayes Greenhow, directors of the Vincennes Baseball Association, came with the Alice bunch and are a good crowd of rooters.

The first no hit, no run game of the season was that at Cairo Saturday when the Infants turned the trick by not getting a hit and not getting a run. Blitroff tossed the balls.

It is said that Clyde Goodwin will go back with Sweet Alice. The manager of the latter is authority for the statement.

After this Vincennes series Paducah goes to Cairo and Cairo returns home with her for a series.

The game at Henderson Saturday

was the first of the season for that city the club having been away from home since the season opened.

Zinkins is a good umpire. No umpire is perfect, but "Zin" is a good fellow and does as well as anyone can do, and better than a vast majority of them can do. He is known all over the league for his fairness, and everybody has confidence in him.

Donovan in center robbed Land out of a double or triple yesterday in the latter part of the game.

Catcher Andy Petit arrived Sunday and was out at Wallace park working with the Indians. He was not taken out on the trip with Nashville, but left at home and permitted to come to Paducah. He will probably get on in the Kitty as it is understood Nashville will not use him. Greenville, in the Cotton States league, wants Petit, but he will probably be sent to the Kitty.

Goodwin is not in Paducah as reported, but will probably join the Vincennes team this week. Eddie Kolb stated that he would have the twirler in a few days.

Catcher Pat Downing was in Paducah this morning en route to join Princeton. He has been in Cedar Rapids and didn't like the climate.

Wright, a fast big league twirler, of Louisville, wants to get on in the Kitty according to Downing. He is said to be a "gun."

Duggan, who will pitch for Vincennes this season, is an excellent twirler and a friend of Dr. Victor Voris who came from Duggan's home town, Franklin, Ind. Duggan called on the doctor and old acquaintance was renewed. Duggan was pitching when Dr. Voris left Franklin but was a mere boy then. He pitched phenomenal ball last season for Franklin college, working in 19 games and winning 17 of them. This year the lowest number of strikeouts he has had in one game is 13. Cairo says he is the best K. I. T. pitcher they ever went up against.

Taylor, center fielder for Paducah; Hahn left fielder for Vincennes, and Cooper, shortstop for the Hoosiers, were all in the same team last year. They played with Charleston W. Va., in an independent team. Gus Bonno was also in that team last year for a while and it was one of the strongest teams in the independent field.

Nobody cared if the Indians did make a few misplays yesterday and lost the game. It had to come some time and the fans are only too glad that Vincennes was the team to take the first game.

Frakes and Land, Dugan and Farney are the batteries for today and the Vincennes sports are here with coin to burn, betting on the Hoosiers. It is reported they cleaned up \$900 at Cairo last week.

Amateur Games.

The Famous and L. A. L. teams played at L. C. park Sunday morning and the latter beat by a score of 7 to 3. Douglas and Brahe for the Famous, Hall and Block for the L. A. L. were the batteries.

	R	H	E
Famous,	3	4	5
L. A. L.,	7	5	3

The Centrals and Princeton, Ky., teams played yesterday at Princeton and the visitors were defeated. The score was 7 to 2. Batteries, Sutherland and Smith for Centrals, Stephens and Kealey, for Princeton. Kenney is the well known catcher, who played with Paducah three years ago and who was released by Cairo a few weeks ago.

Sunday Baseball Restored.

Nashville, Ill., May 15.—Nashville, for the first time in two years can now witness Sunday baseball. The city council has decided to permit playing on probation, and if the game is conducted to their satisfaction an ordinance repealing the present anti-Sunday baseball statute in the city ordinances will be passed.

New League Organized.

The Tri-State Baseball league has been organized at Chattanooga, Tenn., with W. B. Waddell, of Sheffield, Ala., president and T. W. Ford, Chattanooga, secretary. By June 15 there will be six cities in the league. The season will open the last of this month with four towns, Chattanooga, Knoxville, Sheffield and Huntsville and Rome and Anniston, Dalton or Gadsden, will be admitted later.

SURE THING NOW.

Paducah Will Get the Next State Encampment.

It is reported that a definite decision has been reached to hold the next state encampment in Paducah, and preparations will be made for it at once. The encampment will be held at Wallace park, which will be given free, and all the lumber and other necessary material for the encampment will be furnished free by the Paducah City Railway company.

The state guard consists of three regiments, and each regiment will be in camp ten days, or a month in all beginning about August 1st.

The last encampment held here was in 1894 at Wallace park.

The news of the governor's decision to hold the encampment here came in the shape of a message from Frankfort to State Senator Wheeler Campbell.

Paducah will have a company in camp ten days, and it is now being organized. From indications it will be one of the best companies ever organized here.

ANOTHER SALOON MAN

Charged With Having Violated the Sabbath—Police Court.

Newton Dixon, proprietor of a saloon at 12th and Trimble streets, was arraigned in police court this

morning on the charge of violating the Sabbath.

Several negroes were seen leaving the saloon yesterday by police and it is alleged each had whiskey. The proprietor was arrested and the negroes summoned and recognized as witnesses. The case was continued until Wednesday.

Other cases: Mag Adams, colored, \$10 and costs for using insulting language; Scott Zeik, charged in two cases with breach of the peace, \$5 and costs in one and dismissed in the other; James Hender, dismissed on charge of breach of the peace;

Harry Miller, colored, was fined \$25 and costs for breach of the peace.

Two Tramps Hurt.

A brake beam fell on the rail and caused three I. C. cars to be derailed near Sitka, Tenn., Saturday. Walter Peoples and Charles Pifer-ington, white tramps from Nashville, were slightly injured.

The storm Saturday evening about 6 o'clock did considerable damage in a small way throughout this section, blowing down a number of fences, barns and small outhouses.

We Will Buy

A 50c. Bottle of Ligozone and Give it to You to Try.

We want you to know about Ligozone, and the product itself can tell you more than we. So we ask you to tell us you buy a bottle—a full-size bottle—to try. Let it prove that it does what medicine cannot do. See what a tonic it is. Learn that it does kill germs. Then you will use it always, as we do, and as millions of others do.

This offer itself should convince you that Ligozone does as we claim. We would certainly not buy a bottle and give it to you if there was any doubt of results. You want those results; you want to be well and to keep well. And you can't do that—nobody can—without Ligozone.

We Paid \$100,000

For the American rights to Ligozone. We did this after testing the product for two years, through physicians and hospitals, after proving, in thousands of different cases, that Ligozone destroys the cause of any germ disease.

Ligozone has, for more than 20 years, been the constant subject of scientific and chemical research. It is not made by compounding drugs, nor with alcohol. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you.

Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. The reason is that germs are vegetables; and Ligozone—like an excess of oxygen—is deadly to vegetable matter.

There lies the great value of Ligozone. It is the only way known to kill germs in the body without killing the tissue, too. Any drug that kills germs is a poison, and it cannot be taken internally. Every physician knows that medicine is almost helpless in any germ disease.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Ligozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

As follows:—Anemia, Blood Poison, Bright's Disease, Bowel Troubles, Coughs—Cold, Consumption, Colic—Cramp, Constipation, Catarrh—Cancer, Diarrhea, Dropsy, Dyspepsia, Eczema—Grippe, Hay Fever—Influenza, Kidney Disease, La Grippe, Leucorrhea, Liver Troubles, Malaria, Neuritis, Many Heart Troubles, Piles—Pneumonia, Pleurisy—Quinsy, Rheumatism, Scrofula—Syphilis, Skin Diseases, Stomach Troubles, Throat Troubles, Tuberculosis.

Fever—Gall Stones, Gonorrhea—Gleet, Tumors—Ulcers, Varicose Veins, Women's Diseases.

All diseases that begin with fever—all inflammation—all catarrhs—all contagious diseases—all the results of impure or poisoned blood.

In nervous debility Ligozone acts as a vitalizer, accomplishing what no drug can do.

50c. Bottle Free.

If you need Ligozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Ligozone is, and what it can do. In justice to yourself, please, accept it to-day, for it places you under no obligation whatever.

Ligozone costs 50c. and \$1.

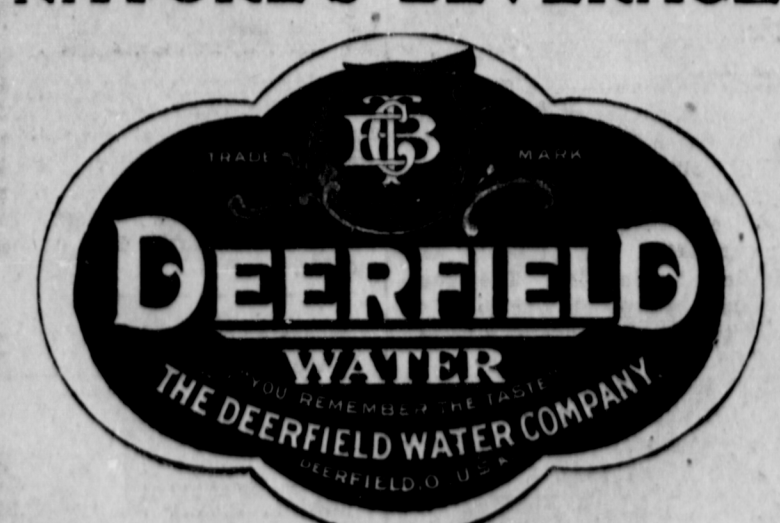

CUT OUT THIS COUPON for this offer may not appear again. Fill out the blanks and mail it to The Ligozone Company, 436-464 Wabash Ave., Chicago.

My disease is I have never tried Ligozone, but if you will supply me a 50c. bottle free I will take it.

NAME ADDRESS CITY STATE GIVE FULL ADDRESS—write plainly.

Any physician or hospital not yet using Ligozone will be gladly supplied for a test.

The Pulling Power of DOLLARS

Was Never So Forcibly Demonstrated as it Will Be During This

GREAT ECONOMY SALE

HERE IS WHERE YOUR DOLLARS DO
DOUBLE DUTY! GIVE THEM A CHANCE

The Pre-Inventory Sale of the largest Dry Goods houses in the United States placed on the market an enormous quantity of seasonable and desirable merchandise, which was disposed of at prices far below the actual values. Being in the market just at that time we were fortunate in securing a large assortment of these goods, and we propose to give our customers the benefit of our purchase. A prominent feature of this purchase is a large quantity of Wash Goods—all this season's latest styles. During this great Economy Sale we will have them at prices that will appeal, with compelling force, to economical buyers. The display is one that can not fail to tempt every lady who wishes to wear things beautiful. The patterns are unusually attractive and varieties almost endless, and afford a range of selections to meet any requirement. Every lady is cordially invited to inspect these goods, for you're almost sure to find what you want for pretty summer dresses; not only in the wash goods department, but all over the store you will find sweeping and radical price reductions. Now is an exceptional opportunity, for with us the word "Bargain" means the double purchasing power of your dollars. Read these items carefully and then come Tuesday morning and make early selections. ❀ ❀ ❀ ❀

THE SCHOOLS

REVIEW WORK WAS BEGUN TO-
DAY TO LAST TWO WEEKS.

Schools to Be Dismissed Tomorrow
at Noon—Teachers' Good
Work.

This morning review work was begun in the Paducah public schools and will be continued for two weeks, after which the pupils will undergo a thorough test examination in all branches for study.

Two weeks from today a meeting of teachers will be held for the pur-

pose of outlining examination questions and this will be the last general meeting of teachers held. School lasts but four weeks longer and two are used in review and two in examinations.

Teachers have been doing good work with their literary study society and will next year adopt some professional course of study.

Last year a course in history and literature was adopted and this year a course in the history of education. The teachers liked the subject this year better than any, and will probably favor a continuation of some professional branch for next year.

School Children's day is the day set aside by the carnival people for school children. They will be admitted to all shows for half price and into the main gate for nothing. The matter is dismissing them for the afternoon will be placed before the committee by Supt. Leib but they will probably be dismissed, as this has been the custom during all carnivals heretofore.

A man needs something besides faith in God when he attacks a hornet's nest.

HOUSE BLOWN DOWN

LUTHER WELCH, COLORED, RE-
PORTED FATALLY INJURED.

House Was Blown Down On Him and
the Family by Saturday's
Storm.

Possibly the most serious accident resulting from the storm Saturday evening was reported from near Stringtown, Ill., across the river from Paducah, three miles back.

Luther Welch, colored, with other members of the family was seated at supper when the storm came up

and the house was blown to pieces. They got out as soon as possible and all escaped injury except Welch, who was struck by a big piece of timber and badly mangled.

His aunt, Rosetta Welch, employed at the Edgewood gardens on West Broadway, was notified of the accident and has gone over to attend the bedside of her nephew, who is thought to be fatally injured.

CAUGHT UNDER TENT.

Merry-Go-Round Blown Down Sat-
urday Evening.

One of the funniest accidents resulting from the heavy wind Saturday afternoon happened to men putting up a merry-go-round on the commons between Ninth and Tenth, Harrison and Clay streets.

The wind blew down the tent which had just been set up and the canvas was thrown flat on the ground. Mr. Wm. Hailey lives nearby and his wife noticed some peculiar movements after the wind had somewhat died down and her husband went out to investigate, thinking that possi-

bly the men had been caught under the canvas. Sure enough two men were underneath the tent, and had they backed out would have had only a few feet to go, but they had worked across the tent in an opposite direction before gaining fresh air. The center pole came near catching one, but he fortunately got out of the way.

BARN BLOWN DOWN

Other Damage Done in Lower Part of
the County Saturday.

Considerable damage was done about Grahamville by the wind Saturday evening early.

The tobacco factory formerly used by Graham Brothers was blown down and a great deal of damage done to several vehicles and farm implements stored in the big building. Two buggies were torn up, one blinder and one wheat drill. Harness and other sundry things were damaged and the entire structure blown to the ground. It was a large but old building which accounted for the collapse. Mrs. Griffith lost a buggy house and stock

barn but fortunately no stock was injured. J. R. Denny lost a wagonshed but his wagon was not damaged.

If some article is substituted in filling your prescription you don't get proper results. Consequently you lose confidence in your doctor and he loses confidence in the druggist. This should be avoided, as it is a matter of vital importance to you and is equally important to the doctor. The Weather.

Partly cloudy with probable showers tonight and Tuesday.

THE STATE COLLEGE.

An unhappy condition of affairs seems to exist at the State College at Lexington, Ky. From articles published in the Herald it would appear that changes are in order. For several years past there have been suspicions that the institution was not being run as well as it might be, and something should now be done.

The Herald well puts it:

"Together with many other citizens of the Commonwealth, we have felt for a long time that the State College, in many respects the most important of our state institutions, is not administered in the best interests of public education, and as the details of the management come to light we are convinced of the truth of this impression.

"If the college is wisely governed; if there is not injustice done to any of the departments; if every act of the authorities is in conformity with the organic law of the institution; if the professors are encouraged and supported in their efforts to bring their several departments to the highest efficiency, then it will benefit the institution to have the facts known to the public. If the college is administered in the interests of a few men; if some departments are fostered and encouraged while others are expressed and restricted; if the executive head is swayed by personal motives or controlled by envy, jealousy or malice toward any professor or department rather than by the desire to seize every opportunity to increase the usefulness of the institution, then the people, the taxpayers, are entitled to know these conditions. Publicity is the breath of life to an institution which is serving the state, and it is the best remedy for any public institution that is permeated by indifference and incompetency."

Even Jackson, Tenn., rubs it in on Paducah for not having a cow law. The Whig says: "Paducah, a city somewhat larger than Jackson, in some respects, about 100 miles north of us, is all swelled up with pride because its municipal boards have recently passed an ordinance keeping cows off the streets. The News-Democrat, an afternoon paper of metropolitan pretensions in that city, has gone into conniption fits over the innovation. Why, bless you, brother, the identical ordinance you have just passed has been in force

in Jackson for twenty years or more, Tom."

The Owensboro Inquirer offers this advice: "Paducah has lost a buggy factory for lack of a \$75,000 building in which to put it. Owensboro puts up her own buggy factories and wagon factories and also her own \$75,000 houses to put them in, of which two are now under construction. If you want anything done, do it yourself."

Papers all over the state have commented on the Hargis case, and not any of them has failed to denounce Hargis and the accident, oversight, conspiracy or whatever it was, that enabled him to escape conviction for the crime charged. That is, not one except the papers in his own county, and they didn't count, as they had to praise him and hail his return with as much joy and acclaim as that of the prodigal son, because even an editor sometimes values his life. It all apparently makes no difference to Hargis, however. All he seems to want is to live among his own kind, where he is a king and tyrant, and to treat the rest of the state with silent contempt.

The rivers and harbors trip is already having its effect, and the members of the committee admit that a nine-foot stage of the Ohio should be secured as soon as possible. They do not think that getting it will be any easy matter, however. One reason of this is likely that the advocates of Ohio river improvements not only have the advocates of other river improvements seeking appropriations to fight, but a powerful railroad lobby as well. The Ohio Valley Improvement association has taken the hint and already announced that it will immediately call a big waterways convention, and it is hoped that it will result in much good.

This is carnival week, and it is to be hoped that all will make it a pleasant one for visitors. Paducah's carnivals have come to be celebrated all over this section, and we never fail to attract hundreds of strangers to our city. Let us all make them feel so much like they are at home that they will stay, or return to live with us.

The town cow will have another day's grace, as the council will not transact any business tonight, and will consequently put off passing the cow ordinance until Tuesday.

Confederate Meeting.

J. T. Walbert camp, No. 463, U. C. V., will meet in regular session at the city hall, on Tuesday, May 16th at 8 o'clock p. m.

This will be the last meeting of the camp before the celebration of June 3rd, and of the reunion June 14 to 16. A full attendance is desired.

CONVINCED OF NEED OF NINE FOOT STAGE

Members of the Committee Have So Expressed Themselves.

A National Convention of Waterways to Be Called Soon—Queen City Has Small Accident.

PARTY DUE HERE WEDNESDAY

Without exception the members of the congressional committee on rivers and harbors, who arrived at Cincinnati Saturday said that they had already been convinced that the long desired nine foot stage of water from Pittsburgh to Cairo is needed and should be made.

At the same time, however, they gave voice to the belief that a big enough appropriation can only be procured by a concerted effort on the part of the voters of the entire valley to induce congress to vote favorably on an appropriation. They made plain their belief that it would be difficult to get the money by any other means.

At the dinner given the committee at the Zoo club the Ohio Valley Improvement Association bound itself to call a "National Convention of Waterways," to be held before the next congress meets. The object will be to make a great demonstration in behalf of river improvements and ask congress to include a large amount of money for this purpose in the general appropriations bill. The action was in connection with a suggestion made by Congressman Joseph E. Randall, of New Orleans. "The convention will be called," said Col. John L. Vance, president of the association, "by the executive committee. The time and place will be announced as soon as possible."

Congressman S. B. Sparkman, of Florida a member of the committee, was called home on account of the illness of his son.

Theodore E. Burton, of Cleveland, O., chairman of the committee, also announced that he would have to leave the committee at Cincinnati and he will not be in Louisville and Paducah. Urgent personal business is the cause of his determination.

The committee's steamer Queen City had a slight accident near Maysville. The ferryboat Lawrence with committee of citizens, was trying to draw up alongside her when she hit too hard and tore off about six feet of the side railing near the engine room, and shook up the passengers on both boats considerably.

Capt. S. A. Fowler leaves Paducah today for Evansville to join the party tomorrow afternoon.

The party is due in Paducah Wednesday. The following is its itinerary during the remainder of the trip:

MONDAY, MAY 15.

Arrive Madison, Ind., 7 a. m.
Leave Madison, Ind., 7:30 a. m.
Arrive Louisville, Ky., 11 a. m.
Leave Louisville, Ky., 10 p. m.

TUESDAY, MAY 16.

Arrive Tell City, Ind., 7 a. m.
Leave Tell City, Ind., 7:30 a. m.
Arrive Owensboro, Ky., 10:30 a. m.

Leave Owensboro, Ky., 10:45 a. m.
Mouth Green river 1 p. m.
Arrive Evansville, Ind., 3 p. m.
Leave Evansville, Ind., 10:30 p. m.

WEDNESDAY, MAY 17.

Pass Shawneetown, Ill., 4 a. m.
Pass Caseyville, Ky., 6 a. m.
Pass Golconda, Ill., 9 a. m.
Pass mouth Cumberland river at 11 a. m.

Pass mouth Tennessee river 12:30 p. m.

Arrive Paducah, Ky., 1 p. m.
Leave Paducah, Ky., 2 p. m.
Pass Cairo to mouth Mississippi river 5 p. m.

Arrive Cairo, Ill., 6 p. m.
Leave Cairo for Cincinnati direct, 11 p. m.

Capt. S. A. Fowler today appointed Messrs. George C. Wallace, Ed. P. Noble, H. A. Petter and J. C. Flournoy to join the party when the boat reaches Paducah, and attend the big banquet at Cairo Wednesday night as representatives of Paducah. Mr. Flournoy will respond to a toast.

Two others are to be appointed when Mr. Fowler confers with Mayor Yeiser.

The Cairo Telegram says: "Arrangements were completed last evening at a joint meeting of the entertainment and reception committee of the board of trade and commercial clubs held at the latter's rooms.

for the entertainment of the rivers and harbors committee of congress here next Wednesday.

"At the banquet at the Halfday, Mr. John S. Aisthorpe will preside as toastmaster and Mayor Parsons, Judge W. N. Butler and others will respond to toasts.

"The Murphysboro band is to be engaged to accompany the reception committee of citizens to Mound City on the steamer Dick Fowler to meet the party."

Mayor Yeiser did not care to make the two appointments and Capt. Fowler this afternoon added the other two to the delegation that goes to the Cairo banquet to represent Paducah, appointing Messrs. W. F. Paxton and Virgil Sherrill.

Mr. S. A. Fowler has requested that the automobile club tender its services to the rivers and harbors committee party which will arrive here Wednesday afternoon, and the president and secretary of the club have sent out requests for all members to be on hand in the afternoon on Wednesday to take the committee about the city, and there will be nearly fifteen machines in service, it is thought.

IN THE COURTS

Circuit Court.

The only jury case tried in circuit court today was that of W. W. Spence and J. W. Wyatt against C. E. Gridley.

Spence and Wyatt were driving to Woodville on November 15 when the defendant came by in an automobile and frightened the horse. The animal backed into the ditch and threw occupants out. Both were skinned and bruised and sue for \$500 and \$570 respectively.

The two suits were tried together and the case went to the jury shortly before noon. Several automobile men were at the trial to testify as to speed and the operation and management of automobiles.

R. B. Anderson, Jesse Bell and T. J. Ely were excused as petit jurors and C. R. Hall, E. P. Gilson and R. D. Clements substituted.

The case of C. D. Marshall against the Mergenthaler-Horton Basket Machine company was dismissed and settled.

A judgment for \$164 was filed in the case of the Carolina Portland Cement Co., against Harry M. Cunningham.

The jury this afternoon returned a verdict in the Gridley automobile case, giving W. W. Spence \$1 and Wyatt \$6.

Assigned to Reopen.

Brown & Shelton, the cigar dealers, have made an assignment to Mr. Gus T. Smith, but it is mainly for the purpose of winding up the business in order that Mr. Brown may continue the business alone. He claims that his partner will neither buy nor sell except on conditions that were not acceptable, Mr. Brown is president of the Kitty league, and a popular, energetic young man. He says that all the liabilities will be paid in a short time, and he will then have sole charge of the business. In the meantime the business will be conducted as usual.

Dr. Hessig's Schedule.

This morning Dr. H. Hessig filed his schedule as a bankrupt which is the same as a list filed several days ago before he was reported a bankrupt and later adjudicated one. The schedule shows liabilities amounting to about \$30,000 with \$20,000 assets and the creditors will meet on the 26th for the first time.

Notice of First Meeting of Creditors.

In the District Court of the United States for the Western District of Kentucky, in Bankruptcy.

In the matter of Herman T. Hessig, bankrupt. To the creditors of Herman T. Hessig of Paducah, in the county of McCracken, and district aforesaid, a bankrupt: Notice is hereby given that on the 8th day of May, A. D. 1905, the said Herman T. Hessig was duly adjudicated bankrupt, and that the first meeting of his creditors will be held at my office in Paducah, McCracken county, Kentucky, on the 26th day of May, A. D. 1905, at 9 o'clock in the forenoon, at which time the said creditors may attend, prove their claim, appoint a trustee, examine the bankrupt and transact such other business as may come properly before said meeting.

EMMETT W. BAGBY,

Referee in Bankruptcy.

Paducah, Ky., May 15th, 1905.

STANFORD'S PLACE, Atlantic Saloon, 106 S. Third Street

that the work is soon to start the rumor that a contract has been let to a construction company and that a number of engineers were here recently figuring on the work, leads to the belief that such is the case.

"When the work first started the Illinois Central purchased from the Cairo Trust property 53 acres of ground, just north of the bridge, and the engineers in charge of the work stated that this ground would be excavated to a depth of 8 feet in order to secure the dirt for the fill. The dirt embankment will be 2,800 feet long and will be 200 feet at the base and 35 feet broad on the top. It is estimated that if all the dirt that will be used in making the fill were to be piled on one lot the pile would reach over 5,000 feet in the air. From these figures some idea of the magnitude of the job can be realized. The work of double tracking the approach will cost about three millions and the largest part of the expense will be for the dirt fill."

A gigantic negro, confined in the brick jail of Ione, Cal., kicked a hole through the wall the other night and escaped.

Metaphysicians can unsettle things but they can erect nothing. They can pull down a church, but they cannot build a hovel.—Cecil.

"Throw a stone into a crowd" and you will probably hit a man who has some surplus money to invest—but you will probably go to jail if you try to find him in that way. A Want ad., or a careful reading of the want ads., will be safer.

Mr. W. C. Ellis, of Asheville, N. C., is in the city on a visit. He has been up in Livingston county on a visit.

Mr. H. R. Lindsey, of the E. E. Sutherland Medicine Co., has returned from New York and the east.

Mr. J. R. Puryear went to Princeton today at noon on business.

Scott Hardware Co.
SIGN OF THE BIGHATCHET—422-424 BROADWAY

LOCAL LINES.

—For Dr. Pendley ring 418.
—Coco Cola on ice. Gardner's drug store.
—Sign and carriage painting. G. R. Sexton, both phones, 401.
—Call Palmer Transfer Co. for carriages, baggage wagons and first-class livery rig. Hack fares and trunks strictly cash. Best service in the city.
—For the most complete assortment of bedding plants, call on Schmaus Bros. Both phones 192.
—Mr. G. H. Husbands, of the Benton road, has opened his fine pasture on his farm for the summer and is ready to pasture all classes of stock.
—The choicest line of Copyright Books ever offered for 50c. Come and see them before the supply is exhausted. R. D. Clements & Co.
—Call on or phone Gardner if you need anything in the drug line.
—Almost every coal dealer claims his coal is the best, but there is only one coal can prove it. Yours truly, Pittsburgh Coal Co., Jas. T. O'Donnell, Agt.
—The council will meet and adjourn tonight until Tuesday night, on account of the opening of the carnival. The main features of the meeting will be the veto of the saloon ordinance and the cow ordinance.
—Justice R. J. Barber is holding his regular term of court.
—Mr. and Mrs. Albert Foster are parents of a girl baby, born at Abeline, Kan., where Mrs. Foster is visiting her parents.
—The remains of Mr. Monroe Brenton, aged 42, who died of pneumonia at his home on Goebel avenue, were taken to Florence Station yesterday for burial. He was a car repairer at the I. C.
—Mr. G. R. Davis has been elected president of the Home Purchasing company to succeed Mr. H. H. Loving, who has gone to Atlanta to take charge of the Equitable Loan and Surety company there, which Paducah capitalists recently bought out.
—The Thompson Transfer company, recently organized here, has bought the Street livery stable on Jefferson street near Second and will make it their headquarters. The Street stable was formerly the Seebree stable.
—The fire and police committee of the general council has been called to meet this afternoon at the city hall to take up the matter of appointing a city wire inspector and the hospital board has been called to meet and award the contract for furnishing the new city hospital.

—The strawberry season is now well on over in Illinois, and every morning the Dick Fowler carries large crowds of colored pickers down the river. This morning there were thirty or forty to go.

—The plans for the Elks' new building arrived from Louisville today, but the building committee may not meet until after the carnival to consider them.

—Jansen Branch 33 will hold social session at Elks hall tonight. All members are especially invited. Maggie McCreery, Recording Secretary.

—Tom Dailey, white, was arrested this morning for acting in a disorderly manner.

—Rena Davis, colored, age 43, died yesterday morning at 8 o'clock of complication of diseases at her home, 1025 South 10th street. She leaves a husband and two daughters. The burial will be this afternoon at Oak Grove.

—The funeral of the late License Inspector Ed. Clark took place yesterday at 2 o'clock p. m., burial at Oak Grove. It was attended by a large crowd.

—A black horse belonging to Geo. Brown, colored, who resides in the county, ran away near Eleventh and Court and broke its neck. The horse was blind, but a spirited animal, and when running could not see and dashed into a house.

—This morning contractors began working on the brick building being erected in the Thurman addition. The building will cost about \$3,500.

—Joe Jones and Mike Hubbard, white, were arrested this afternoon for a breach of the peace.

—G. W. Eskridge, aged 53, and Amanda Smothers, aged 42, colored, of the city, have been licensed to wed. It will make the third marriage of the groom, and second of the bride.

—Street car 66 hit a dirt wagon on South Third street near Kentucky this morning and somewhat damaged it, but no one was hurt. It is claimed the wagon was backed into the car.

Betting High.

Today's game between Paducah and Vincennes promises to be one of the hottest in the history of local baseball as it is not only for first place, but there is something like \$3,000 up, as well. The Vincennes sports came here well heeled, but at noon today there was little Vincennes money to be found, and some of those who had up money seemed to regret that they had taken the risk. There was considerable Paducah money going begging, none wanting it.

Standard Oil Dividend.

New York, May 15.—The Standard Oil company of New Jersey, declared a dividend for the quarter of nine dollars a share. The previous dividend declared by the company was fifteen dollars a share. At this time last year the dividend was eight dollars a share.

People and Pleasant Events

In Honor of Visitors.

The young men of the city gave an elegant dance last night at the Usona Hotel in honor of a number of pretty visitors. Quite a select crowd was present and a most delightful evening was spent. The fair young visitors in whose honor the dance was given were Misses Lucile and Pattie Long, of Jackson, Tenn., Miss Greta Motter, of Corpus Christi, Tex., and Miss Bess Hall, of Paducah.—Fulton Leader.

Engineer Harry Pixler, of the N. C. and St. L., has moved back to Paducah from Perryville, Tenn.

Mrs. Logan Bouliware and children have returned from a visit to Hopkinsville Ky.

Mr. Charles McClain, of Owensboro, has arrived to visit his parents, Mr. and Mrs. J. R. McClain.

Master Ernest and little Miss Mamie Stevens, of Paris, Ky., have returned home after visiting relatives here. They are children of Mr. and Mrs. Ernest Stevens, formerly of Paducah.

Mrs. Robert Rivers is visiting relatives in Smithland.

Mr. J. Henry Smith is out after a several days' illness.

Mr. Charles Beard, pilot on the Shiloh, is here from Danville, Tenn., on a visit to relatives and to spend carnival week.

Mrs. T. H. Fuqua and two sons of Canton, Ky., are visiting Mrs. John Counts of South Fourth street.

Little Miss Myra, Masters Clarence and Broadus Cunningham, of Canton arrived yesterday on a visit to their grandmother, Mrs. A. G. Cunningham of Sixth street.

Mrs. E. H. Cunningham returned this morning from an extended visit to relatives in Cadiz.

Mr. and Mrs. H. N. Bunning will leave tomorrow for New Orleans to reside.

Mr. E. F. North chief dispatcher of the Louisville district of the I. C., was in Paducah yesterday on a visit to friends. Mr. North used to come to Paducah to fill out when a shortage of dispatchers occurred, but he has not been here before for many months.

Miss Ina Woodward, of Cairo, is the guest of the Misses Sanders on Jefferson street.

Miss Aline Bagby did not return home last week, as expected, but has stopped at Long Island to take voice culture and will not return for three weeks.

Mr. Clay G. Lemon, of the Mayfield Messenger, is in the city.

Mrs. J. E. Allington and baby, of St. Louis, are visiting Mrs. E. L. Harvick on West Broadway.

Mrs. Bransford Clark and little daughter, Ada, of Memphis, Tenn., will arrive tomorrow to visit Mrs. Clark's sister, Mrs. Rabb Noble, at "Anfield."

Deputy U. S. Marshal Geo. Saunders arrived from Mayfield this morning.

Mrs. B. M. Lining and Mrs. Sam Knight, of Fulton, Ky., are at the Palmer.

Dr. W. L. Hansbro leaves tonight for Lexington to attend the meeting of the state dental association.

Mrs. Pat Quinlan, of Terre Haute, Ind., is in the city on a visit to her mother, Mrs. Tom Settle of North Fifth street.

Rev. T. J. Newell left this afternoon for Martin, Tenn., where he will address an educational meeting tonight. He will return home tomorrow morning to conduct the funeral of Mrs. Thomas Lee, of Memphis, Tenn., at the Broadway Methodist church.

County Court.

Judge R. T. Lightfoot held county court this morning and transacted a great deal of business, principally looking into petitions for new roads.

Cora Branton waived right to qualify as administratrix of her husband, Monroe Branton, and W. M. Smith was appointed administrator.

An order was filed in the assignment of Brown & Shelton in which Mr. Gus T. Smith, receiver, was ordered to sell the stock at retail and also giving him permission to sell what goods he thought could be disposed of better in bulk or wholesale whenever he thought it to the best interest of creditors. H. Graham, Harry Livingston and C. C. Warren were appointed appraisers of the stock.

J. W. Caldwell, executor of James Allen Caldwell was ordered to make settlement.

In the suits brought by A. M. Harrison, revenue agent for the state at large, against the three national banks, the plaintiff was ordered to fill out blanks left in the petitions and to make the petitions more specific. In the case against the City National bank the demurrer to the petition was overruled.

TIPS.

The whole human race is looking for "The Road to Market." You have something to sell and your road to market is simply the road that leads to the house of the man who wants to buy it. You want to buy something and your road to market is the road that leads to the man who has it to sell. "The want ad. way" is the universal road to market.

TO BEAUTIFY
YOUR COMPLEXION
In 10
Days, Use

..Satinola..
THE UNEQUALLED BEAUTIFIER.

A few applications will remove tan or sallowness and restore beauty. Satinola is a new discovery, guaranteed and money refunded if it fails to remove the worst case of freckles, pimples, liver spots, blackheads and disfiguring eruptions in 20 days. After these defects are removed the skin will be soft, clear, healthy and beautiful. Price 50 cents and \$1.00, druggist or mail.

Mrs. W. L. Oury writes:—Little Rock, Ark., Sept. 3, 1904. "For three years I was troubled with pimples, blackheads and spots. I tried everything advertised for skin disease without relief, until the past few weeks have used Satinola with marvelous results. My complexion has been changed to a smooth beautiful pink, without blemish. I shall always keep Satinola in my home."

COMFORTING WORDS.

Many a Paducah Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Paducah readers.

Mrs. George Romain, of 726 Tennessee street says: "For three years my back was lame and ached severely, particularly under the shoulder blades, despite the use of medicine. I tried Doan's Kidney Pills, getting them at DuBois, Kolb & Co's drug store. They are easy to take, they cure you without causing any annoyance, and if I can judge from my present condition, when they cure you stay cured."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

ALABAMA KID

Will Meet Louisville Pugilist Here May 22.

Lovers of pugilistic sport will have an opportunity to see a bout on the 22nd, when "Alabama Kid" of Paducah goes against Arthur Phillips, of Louisville, both colored, at Forest park in Rowlandtown.

They are said to be evenly matched and have agreed to go ten rounds for points with regulation gloves. The Paducah fighter is training now for the bout and will be in good form. It will be the first sport of this kind seen in Paducah in many months.

Struck a Barn.

Saturday afternoon when the storm came up Mr. William Pepper, of Lone Oak, had a barn struck by lightning. Several posts were shattered but the barn fortunately did not catch fire from the bolt.

The nice increase in our business since the first of the year is very encouraging to us.

PADUCAH BANKING CO.

DO YOU SUFFER WITH TOOTH ACHE?

PRESIDENT DECKER NAMES COMMITTEES

These are the Men Who Will Work for Paducah.

The Members Are Expected to Shortly Begin Mapping Out Their Work.

ALL ARE GOOD SELECTIONS.

The following list of officers and directors of the Commercial and Manufacturers' Association, including the various working committees appointed under the re-organization, and the guidance of the president and directors, are the men who the citizens of Paducah can look to to carry out the various lines of work of the Commercial Club.

Certainly with such an array of talent, the interests of Paducah ought to be well conserved. If the citizens and membership of the Commercial and Manufacturers' Association will file these committees and names for reference, they will know whom to go to to look after special matters in their interest.

President Decker has certainly shown wisdom in his selection of his committees, and the determination to make the Commercial Club a practical business institution for the promotion and welfare of the whole city and county; and the public, and especially the members of the Commercial and Manufacturers' Association, and other organizations having the welfare of the city at heart, are urged to co-operate with these gentlemen earnestly in all the work that they may undertake, to the end that we may have indeed a Greater Paducah.

Board of Directors of the Commercial and Manufacturers' Association.

A. J. Decker, C. H. Chamblin, Joe Friedman, Sol Dreyfuss, Edwin J. Paxton, Louis Rieke, Campbell Flournoy, B. H. Scott, Geo. C. Wallace, James A. Rudy, B. Weille, Wm. Hummel.

Officers of the Commercial Club and Manufacturers' Association.

A. J. Decker, President.
Geo. C. Wallace, Vice-President.
Ben Weille, Treasurer.
David W. Coons, Secretary.

Standing Committees of the Commercial and Manufacturers' Association.

Executive Committee—B. H. Scott, Chairman; Geo. O. Hart, R. Rowland, George Rock, Jake Wallerstein.

Ways and Means—Edwin J. Paxton, Chairman; J. W. Rigglesberger, J. C. Farley, C. F. Rieke, John Rehkopf.

Membership Committee—Ben Weille, Chairman; Stanley DuBois, William Hummel, F. L. Scott, J. P. Sleeth.

Emigration and Agricultural committee—W. F. Bradshaw, Chairman; W. L. Brower, G. H. Husbands, David W. Coons, J. K. Bonds.

Freight and Passenger Rates Committee—J. L. Friedman, Chairman; Earl Palmer, J. P. Smith, Wm. Borneman, George Langstaff.

New Industries Committee—L. M. Rieke, Chairman; E. P. Noble, David W. Coons, H. C. Rhodes, George C. Thompson.

Committee on Taxation—Sol Dreyfuss, Chairman; R. L. Reeves, H. C. Overby, James Campbell, Sr., C. H. Sherrell.

Committee on Advertising—James A. Rudy, Chairman; Col. Bud Dale, Adolph Weil, Chas. Weille, H. R. Lindsey.

Committee on Insurance—Geo. C. Wallace, Chairman; Wallace Weil, Louis L. Bebout, Abe Livingston, R. E. Ashbrook.

Committee on Legislation—J. C. Flournoy, Chairman; James Weille, Harry Hank, G. R. Davis, Muscoe Burnett.

Committee on Mail Facilities—C. H. Chamblin, Chairman; W. B. McPherson, L. B. Ogilvie, Ed. Farley, J. C. Gilbert.

Committee on Parks—W. P. Hummel, Chairman; T. C. Leech, Saunders Fowler, F. M. Fisher, Sam Hubbard.

LEG BROKEN

By a Cross Tie Rolling Off Colored Laborer's Truck.

Tom Moss, colored, who works in the J. D. Alesman crew in the local I. C. shop yard, sustained a serious injury this morning while rolling a cross tie on trucks. The tie fell off and struck him on the right leg, bringing him to the ground. The limb was broken at the thigh and Moss was taken to the I. C. hospital where the fracture was set.

GORED BY BULL

MR. JESSE BELL HAD A NARROW ESCAPE YESTERDAY.

Attacked Suddenly, Knocked Down and Rendered Unconscious.

Mr. Jesse M. Bell, the well known dairyman of the Mayfield road, was injured yesterday morning by being gored by a bull.

He had taken the bull to water and after the animal had drunk his fill, it suddenly and unexpectedly attacked Mr. Bell and gored him in the left side.

His face was also lacerated and the dairyman was rendered unconscious. He lay on the ground for sometime before regaining consciousness, but when he did he managed to get to the house, no one having seen the accident and come to his assistance. The bull went back to the stable.

Physicians were called and found the injuries were not serious, although Mr. Bell had a narrow escape from possibly fatal injuries.

RIVER NEWS

The river is again rising here, being today 16.5, a rise of 1 foot.

The Dick Fowler left at 8 a. m. today for Cairo with a good trip.

The Joe Fowler left at 10 a. m. today for Evansville with a good trip.

The Reuben Dunbar arrived last night from Nashville in place of the Buttorff, which is having slight repairs made to machinery.

The Royal left at 2 p. m. for Gollconda.

The Rees Lee passed up from Memphis for Cincinnati at 6 p. m. yesterday. The Peters Lee is due down tomorrow from Cincinnati for Memphis.

The Georgia Lee is due today from Memphis to go on the ways. The excursion boat W. W. is ready to leave for the Mississippi when a consignment of life preservers arrives.

Capt. Henry Smith went to Joppy today on business.

The little steamer Conquest, belonging to Capt. Wallace Neville, of Chester, Ill., has been sold to Swallow & Markle, who are engaged in the river show business. The price was \$8,500. The boat left St. Louis Saturday afternoon for Parkersburg, W. Va., to begin her new work.

The Ryman line is to have its own wharfboat at Nashville, and its offices will be located therein. The boat has arrived there but needs extensive repairs and a superstructure will have to be built on it.

A big pile of drift at the head of the Mile Creek landing of the M. R. C. & Co., at Cincinnati, caused an immense fleet to break loose Friday morning and drift down the river. The Transit and Fulton went up from Louisville to try and save some of the coal. The officials of the company claim that there were about thirty-four coal boats and two barges in the landing when the smashup came. Rivermen stated that the fleet contained nearly double that amount.

The officials of the company claim that there were about thirty-four coal boats and two barges in the landing when the smashup came. Rivermen stated that the fleet contained nearly double that amount.

The Ryman line is to have its own wharfboat at Nashville, and its offices will be located therein. The boat has arrived there but needs extensive repairs and a superstructure will have to be built on it.

A big pile of drift at the head of the Mile Creek landing of the M. R. C. & Co., at Cincinnati, caused an immense fleet to break loose Friday morning and drift down the river. The Transit and Fulton went up from Louisville to try and save some of the coal. The officials of the company claim that there were about thirty-four coal boats and two barges in the landing when the smashup came. Rivermen stated that the fleet contained nearly double that amount.

The Ryman line is to have its own wharfboat at Nashville, and its offices will be located therein. The boat has arrived there but needs extensive repairs and a superstructure will have to be built on it.

A big pile of drift at the head of the Mile Creek landing of the M. R. C. & Co., at Cincinnati, caused an immense fleet to break loose Friday morning and drift down the river. The Transit and Fulton went up from Louisville to try and save some of the coal. The officials of the company claim that there were about thirty-four coal boats and two barges in the landing when the smashup came. Rivermen stated that the fleet contained nearly double that amount.

A model barge of the Barrett Line, loaded with logs, went with the fleet. It belonged to the Barretts. The greater part of the fleet was caught in the neighborhood of Taylorsport, opposite Delphi. Twenty-one coal boats passed Anderson's Ferry, and several of these sank before they reached Taylorsport. One boat is known to have passed that place and landed near North Bend, O. The loss is estimated at \$25,000.

The Charleston arrived yesterday from Tennessee river and returns tomorrow evening.

The Dunbar brought in about 180 people yesterday from up the Cumberland river to attend the carnival. She expects to have a still bigger crowd Wednesday from Clarksville and way landings.

The Dick Fowler took an excursion to Cairo yesterday. She had few from the city, but a good crowd from other places, about 300 in all being carried.

The City of Memphis is due out of Tennessee river today for St. Louis.

The City of Savannah is due tonight or tomorrow from St. Louis for Tennessee river. She has had slight repairs made to her rudder at Carondelet.

The Annie Russell is expected from St. Louis with a pleasure party for Cumberland river.

The government boat Chisca left yesterday for Memphis after being repaired here.

The Georgia Lee left last night for Paducah, Ky., where she will be placed on the ways for her annual overhauling, said Sunday's Memphis Commercial Appeal. She was in charge of Capt. Thomas Stead and Pilots Al Pritchard and Charles Conway. It is expected that she will be gone about three weeks.

The combine's towboat J. B. Finley passed up from the Mississippi Louisville.

The Cowling took a colored excursion to Cairo yesterday.

Capt. T. G. Glenn, of the excursion steamer J. S., has been arrested at Nashville, according to dispatches, for assaulting a passenger on his boat. Capt. Glenn is well known here and his friends think if he assaulted anyone he must have had good cause to do it.

The dispatches tell of the tragic death of J. Dwight Lamb, aged 37, and a prominent lumberman of Clinton, Ia., near that place Saturday. He was aboard his pleasure yacht, Marguerite, and in tilting back in his chair lost his balance and fell overboard, drowning before assistance could reach him. He had come to Paducah with pleasure parties on the Rambler, a handsome houseboat towed by the Idler, and owned by his brother, and made trips up the Ohio, Tennessee and Cumberland rivers.

TROLLEY WIRE BROKE.

Motorman Shocked But Was Not Seriously Injured.

Sunday afternoon at Jefferson and Fountain avenue the trolley wire guide ropes broke as a car was turning the curve. Supt. Gus Thompson got aboard and held the wire while repairs were being made, and a motorman, who wanted to assist him, accidentally touched the superintendent and received a bad shock but not enough to make him lose his balance and fall off the wood. The break was repaired and traffic delayed but a short time.

DEATH IN COUNTY.

Mr. Andrew Huggin Died Yesterday of Heart Disease.

Mr. Andrew Huggin, aged 63, died yesterday at his home near Maxon's Mills, this county, from heart disease. He was a well known and highly respected farmer and leaves seven children, all grown. The deceased was born in Marshall county, but had lived in this county for a number of years.

The remains were today buried at McKendree.

NORTH VIEW!!!

Sixty-two Lots For Sale in North View!!!

The new street car line has been recently built along 12th street to Rowlandtown through North View.

We now offer for sale 62 of these lots.

They are situated in a rapidly growing part of the city, on graveled streets,—beautiful shade trees,—many of them on the car line, and are very desirable for residences.

Will sell cheap, only part cash, balance on good long time to suit purchasers.

SIR HENRY MORGAN, BUCCANEER

By CYRUS TOWNSEND BRADY,
Author of "The Southerners," "For Love
of Country," "The Grip of Honor," Etc.

COPYRIGHT, 1905, BY G. W. DILLINGHAM COMPANY

They had scarcely gained the deck of the galleon before the remains of the Mary Rose sank beneath the sea, the wounded upon her decks vainly crying for succor.

By this time the weather side of the remaining Spanish ship was a mass of flame, and there was imminent danger that the fire would be communicated to the galleon. Giving his men time for nothing, Morgan set to work furiously to extricate himself. Axes and hatchets were piled and all the skill and seamanship of the conquerors brought into play. Finally they succeeded in getting clear and working away from the burning frigate. Morgan at once put the galleon before the wind and when he had drawn away a short distance he turned the ship to take account of the damage before determining his future course.

Far back on the ocean and low in the water drifted the sinking remains of the first Spanish frigate. Near at hand was the hulk of the second ship, now a blazing furnace. The first was filled with living men, many of them desperately wounded. No attention was paid to them by the buccaneers. They cried for mercy unheeded. Anyway, their suspense would soon be over. Indeed, the first ship sank and the second blew up with a fearful explosion a short time after they got away. A brief inspection showed that the galleon had suffered little or no damage that could not be repaired easily at sea. Taking account of his men, Morgan found that about twenty were missing. Taking no care for them nor for the two ships he had fought so splendidly, pirate though he was, he clapped sail on the galleon and bore away to the southward.

CHAPTER VII.

THE Almirante Recalde, for such was the name of the galleon, was easily and speedily repaired by the skilled seamen of the Mary Rose under such leadership and direction as the experience of Morgan and the officers afforded. By the beginning of the first dog watch even a critical inspection would scarcely have shown that she had been in action. With the wise forethought of a seaman, Morgan had subordinated every other duty to the task of making the vessel fit for any danger of the sea, and he had deferred any careful examination of her cargo until everything had been put shipshape again, although by his hurried questioning of the surviving officers he had learned that the Almirante Recalde was indeed loaded with treasure of Peru, which had been received by her via the isthmus of Panama for transportation to Spain. On board her were several priests returning to Spain and an aged abbess, Sister Maria Christina.

In the indiscriminate fury of the assault one or two of the priests had been killed, but so soon as the ship had been fully taken possession of the lives of the surviving clerics had been spared by Morgan's express command. The priests were allowed to minister to their dying compatriots so long as they kept out of the way of the sailors.

In the hold of the ship nearly 150 wretched prisoners were discovered.

They were the crew of the buccaneer ship *Daring*, which had been commanded by a famous adventurer named Ringrose, who had been captured by a Spanish squadron after a desperate defense off the port of Callao, Peru. They were being transported to Spain, where they had expected summary punishment for their iniquities. No attention whatever had been paid to their protests that they were Englishmen, and indeed, the statement was hardly true, for at least half of them belonged to other nations. In the long passage from Callao to the isthmus and thence through the Caribbean they had been kept rigorously under hatches. Close confinement for many days and enforced subsistence upon a scanty and inadequate diet had caused many to die and impaired the health of the survivors. When the hatch covers were opened, the chains unshackled and the miserable wretches brought on deck their condition moved even some of the buccaneers to pity. The galleon was generously provided for her long cruise across the ocean, and the released prisoners, by Morgan's orders, were liberally treated. No work was required of them; they were allowed to wander about the decks at pleasure, refreshed by the open air, the first good meal they had enjoyed in several months and by a generous allowance of spirits. As soon as they learned the object of the cruise, with out exception they indicated their desire to place themselves under the command of Morgan.

As soon as it could be done a more careful inspection and calculation satisfied the buccaneer of the immense value of his prize. The lading of the galleon, consisting principally of silver bullion, was probably worth not far from a million Spanish dollars—pieces of eight! This divided among the 150 survivors of the original crew meant affluence for even the meanest cabin boy. It was wealth such as they had not even dreamed of. It was a prize the value of which had scarcely ever been paralleled.

They were assembled forward of the quarter deck when the announcement was made. When they understood the news the men became drunk with joy. It would seem as if they had been suddenly stricken mad. Some of them stared in paralyzed silence; others broke into frantic cheers and yells; some reeled and shuddered like drunken men. The one person who preserved his imperturbable calmness was Morgan himself. The gratitude of these men toward him was overwhelming. Under his leadership they had achieved such a triumph as had scarcely ever befallen them in the palmiest days of their career, and with little or no loss they had been put in possession of a prodigious treasure. They crowded about him presently with enthusiastic cheers of affection and extravagant vows of loving service.

The general joy, however, was not shared by the rescued buccaneers. Although they had but a few hours before despaired of life in the loathsome depths of the vile hold and they had been properly grateful for the sudden and unexpected release which had given them their liberty and saved them from the gibbet, yet it was not in any

He seized the dazed man by the throat

human man, especially a buccaneer, to view with equanimity the distribution—or the proposed distribution—of so vast a treasure and feel that he could not share in it. The fresh air and the food and drink had already done much for those hardy ruffians. They were beginning to regain, if not all their strength, at least some of their courage and assurance. They congregated in little groups here and there among Morgan's original men and stared with lowering brows and flushed faces at the frantic revel in which they could not participate. Not even the cask of rum which Morgan ordered branched to celebrate the capture and of which all hands partook with indiscriminate voracity could bring joy to their hearts. After matters had quieted down somewhat—and during this time the galleon had been mainly left to navigate herself—Morgan deemed it a suitable occasion to announce his ultimate designs to the men.

"Gentlemen, shipmates and bold hearts all," he cried, waving his hand for silence, "we have captured the richest prize probably that floats on the ocean. There are pieces of eight and silver bullion enough beneath the hatches, as I have told you, to make us rich for life, to say nothing of the gold, jewels, spices and what not besides."

He was interrupted by another yell of appreciation.

"But, men," he continued, "I hardly know what to do with it."

"Give it to us!" roared a voice, which was greeted with uproarious laughter. "We'll make away with it."

Morgan marked down with his eye the man who had spoken and went on. "The ports of his majesty the king of England will be closed to us so long as our capture of the *Mary Rose* is noted. England is at peace with the world. There is not a French or Spanish port that would give us a haven. If we appeared anywhere in European waters with this galleon we would be taken and hanged. Now, what's to be done?"

"Run the ship ashore on the New England coast," cried the man who had spoken before. "Divide the treasure, burn the ship and scatter. Let every man look to his own share and his own neck."

"By heaven, no!" shouted Morgan. "That's well enough for you, not for me. I'm a marked man. You can disappear. I should be taken, and Hornigold and Ravensau and the rest. It won't do. We must stay by the ship, keep to the original plan. We'll sail this ship down the Spanish main and capture a town, divide our treasure, make our way overland to the Pacific, where we'll find another ship, and then away to the south seas! We'll found a community, with every man a law for himself. We'll!"

But the recital of this utopian dream was rudely interrupted. "Nay, master," cried the man Sawkins, who had done most of the talking from among the crew; "we go no farther."

ITCHING ECZEMA

In July, 1883, I began to break out with Eczema on my head, legs and arms, and began treatment with local doctors, but did not get much relief. They said the disease had become chronic. I then quit them and tried various ointments and soaps for another two years, but as soon as cold weather came I was as bad off as ever, so I finally decided to let medicine alone, and for twelve or thirteen years did nothing towards curing the Eczema, except bathing. This seemed to do about as much good as anything I had tried.

During the time I lost about one-half of my hair. I began S. S. S. doubtful of a cure, because the disease had run so long, but soon discovered your medicine was doing me good, and continued to take it. I used seven bottles, when I was completely cured, not having a single spot on my body, which before was almost completely covered. F. C. NORFOLK, 1017 Hackberry St., Ottumwa, Ia.

The head, feet and hands are usually the parts affected, though the disease appears on other parts of the body. While external applications allay the itching and burning temporarily, it is the acids thrown off by the blood that cause the irritation and eruptions upon the skin. The acids must be neutralized and the system cleansed of all humors and poisons before the cure is permanent. S. S. S. is guaranteed entirely free of Potash, Arsenic and other minerals. Book on the skin and its diseases sent free. Medical advice furnished free.

SSS

A Serious Mistake.

It is a serious thing to neglect your heart.

The moment you detect any weakness or irregularity, such as short breath after exercise, palpitation, fluttering, weak or hungry spells, pain in breast, side or shoulder, or uneasiness when lying on left side, you should take Dr. Miles' Heart Cure; it rarely ever fails to relieve all these symptoms.

If not promptly restored, chronic heart disease soon develops, and then it only remains for some sudden strain to completely exhaust the heart.

Thousands of hopeless cases have been cured, and if you do not try it, it will be the greatest mistake of your life.

"When I began taking Dr. Miles' Remedies I was in a very bad condition. I had stomach trouble, with severe distress after meals. My heart hurt me, and I had shortness of breath, palpitation. My pulse was irregular, and my feet, ankles and hands were swollen. Every month at regular periods I had severe pain. I wrote Dr. Miles' Medical Co., and they advised me to take Dr. Miles' Restorative Nervine and Heart Cure. I soon noticed an improvement, and I continued the medicine until I was completely cured. I feel like a different person. In fact I have not felt so well for 20 years."

MRS. ALEXANDER WILSON, 3000 E. 12th St., Richmond, Va.
Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.
Miles Medical Co., Elkhart, Ind.

BELE OF CALHOUN
Sank Near Grafton, Ill., by Striking a Snag.
The steamer *Bele of Calhoun* of the Calhoun packet company ran over a dike a short distance above Grafton, Ill., and sank in about 3 feet of water. She was en route from Hamburg, Ill., to St. Louis with a cargo consisting mostly of stock and fish. No one was hurt and her cargo was not damaged. Her managers expect to have her up in a few days. The *Inda Givens* will take her place until she is ready to run again.

The Calhoun has been here several times lately in the St. Louis-Nashville trade.

Growing Aches and Pains.
Mrs. Josie Sumner, Bremont, Tex., writes, April 15, 1902: "I have used Ballard's Snow Liniment in my family for three years. I would not be without it in the house. I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used."

25c, 50c, \$1.
Sold by DuBois, Kolb & Co., Paducah, Ky.

Surveyors Leave Mayfield.
The Mayfield Monitor announces that the I. C. surveying party that had been surveying the noted Gilbertsville "cut-off," has finished work and returned to Memphis. They are said to have surveyed several different routes. They do this every few years.

FROM ALABAMA

MR. GEORGE ELMORE WILL PROBABLY BE THE NEW MANAGER HERE.

Manager Morris Returns to Arrange For His Departure to Knoxville, Tenn.

Mr. George Elmore, formerly of Mayfield, Ky., and now of Decatur, Ala., will probably be the new manager of the Western Union company here to succeed Mr. W. H. Morris, transferred to Knoxville, and promoted to the position of manager there.

Mr. Morris arrived this afternoon from Knoxville to take his family there to live, and it will be with genuine regret that the many friends he and his family have made here, learn of their departure.

Mr. Elmore is quite well known here. He is a Mayfield boy, and married Miss Minnie Hart, of Paducah. He was struck by a switch engine in Memphis a few years ago and lost an arm, but now occupies an important position with the Western Union, and the appointment to this place shows how highly they value him.

Herbina.

Will overcome indigestion and dyspepsia; regulate the bowels and cure liver and kidney complaints. It is the best blood enricher and invigorator in the world. It is purely vegetable, perfectly harmless and should you be a sufferer from disease, you will use it if you are wise.

R. N. Andrews, editor and manager *Cocoa* and *Rockledge News*, Cocoa, Fla., writes: "I have used your Herbina in my family and find it a most excellent medicine. Its effects upon myself have been a marked benefit. I recommend it unhesitatingly." 50c.
Sold by DuBois, Kolb & Co., Paducah, Ky.

KEEN RIVALRY.

Telephone Companies Have Small War On At Marion.

The Cumberland Telephone company has again applied for a franchise at Marion, Ky. One was sold a short time ago at its request, but the People's company, of the city, which has been operating there for some time, bought it in for \$275 to keep the Cumberland out.

As a town can sell as many franchises as it wants to, Marion will no doubt not object to much rivalry as the companies choose to display, and will keep selling franchises as long as there is anyone ready to buy. The Cumberland has already asked that another franchise be sold expecting to buy it unless the other company again outbids it.

Exposure.

To cold draughts of air, to keep and cutting winds, sudden changes of temperature, scanty clothing, undue exposure of the throat and neck after public speaking and singing, bring on coughs and colds. Ballard's Horehound Syrup is the best cure.

Mrs. A. Barr Houston, Tex., writes Jan. 31, 1902: "One bottle of Ballard's Horehound Syrup cured me of a very bad cough. It is very pleasant to take." 25c, 50c, \$1.
Sold by DuBois, Kolb & Co., Paducah, Ky.

A COW LAW

Has Just Been Adopted at Hopkinsville, Ky.

Hopkinsville, Ky., has just adopted a cow law, effective June 1st. There has been a stock law in force there for sometime, but it did not include cows. A former Paducahan appeared as an opponent of the cow, Prof. H. Clay Smith, who for several years had a school here, and presented a petition from citizens asking for the ordinance. Only three councilmen voted against it.

A Positive Necessity.

Having to lay upon my bed for 14 days from a severely bruised leg, I only found relief when I used a bottle of Ballard's Snow Liniment. I can cheerfully recommend it as the best medicine for bruises ever sent to the afflicted. It has now become a positive necessity upon myself. D. R. Byrnes, Merchant, Doversville, Texas. 25c, 50c, \$1.
Sold by DuBois, Kolb & Co., Paducah, Ky.

Senatorial Committee June 10.

Chairman W. A. Berry has called a meeting of the Second District Senatorial committee for June 10th in Paducah for the purpose of deciding on the time and manner for selecting a democratic candidate for the state senate to succeed Senator J. Wheeler Campbell. The committee consists of Chairman Berry, of this county; J. M. Fisher, Marshall; T. J. Neely, Ballard, and Robert Hazlewood, Carlisle. It is believed that a delegate convention will be called to meet here some time in July. There is now only one candidate, Hon. J. Wheeler Campbell.

Engineer Painfully Hurt.

Engineer Al Smith, of Fulton, who had a hand badly bruised and scalded several nights ago, has come to the I. C. hospital here for treatment. His arm is badly swollen but it is hoped to prevent blood poison.

SERIOUS CHARGE

LEE MAYER, FORMER CLERK ON
JOE FOWLER ARRESTED.

Alleged to Have Misappropriated
About \$1500 of the Boat's Money
—Case Set for Wednesday.

Lee Mayer, formerly first clerk on the Paducah and Evansville packet Joe Fowler, was arrested Saturday night for the alleged embezzlement of about \$1500 while employed on the boat and was today in police court given a continuance until Wednesday.

Mayer had been on the steamer for several years past, and is a popular young man. A short time ago he suddenly left the service and no explanation was given his friends.

It is said that irregularities were then discovered and he was discharged. He left the city and went to St. Louis, but was found there by Detective T. J. Moore and came back. He was given time in which to make good the shortage, and was promised immunity from prosecution, but failed to make it good, and the warrant was sworn out late Saturday afternoon by Capt. Harry Gilbert, president of the packet company. Mayer was arrested and kept in the chief's office until 10 p. m. when having failed to give bond he was committed to jail.

He is well known in river circles, and is a son of the late Ernest Mayer. He was born and reared here, and his grandfather, Capt. Cowser, was for years captain of the steamer Gus Fowler.

It is said that Mayer misappropriated the money by claiming to have paid bills for the boat that were not paid, and by collecting money and reporting that he had failed to collect it, thus keeping money that he claimed not to have collected, and money that he claimed to have paid out for the boat, and didn't. The coal bills alone amount to \$200 a week and it is said sometimes he would skip a week, and next time pay a week, or sometimes pay a portion of a bill and keep the rest.

Officers of the packet company say he was given every opportunity to make up the shortage, but he failed to do it.

His bond is \$1,000 and it is believed he will succeed in giving it today.

IN A BLAZE OF LIGHT
CARNIVAL OPENS

The Carnival Shows Arrived in
Paducah Yesterday.

Parade at 6:30 This Evening—Formal
Opening Takes Place
Tonight.

CROWDS COMING IN RAPIDLY

King Carnival has arrived, and all day yesterday, and well into the night, his hosts were busily engaged in pitching their camp, on the battlefield of many past successes, at Trimble and 12th streets.

About 10 o'clock yesterday morning the special train of sleepers, day coaches and flat cars, bearing the people, scenery and effects of the carnival shows arrived in town from Memphis via the Illinois Central.

The various lots portioned the separate concessions, having already been marked and indicated, the working of setting up the exhibits at once commenced. All morning the streets between the railroad tracks and the carnival grounds resounded to the rumble of big yellow and red vans, and the roll of heavy machinery.

Tonight is of course, to use the time-honored expression "the night," and Messrs. Rodney and G. R. Davis, L. A. Lagomarsino and Chas. Weille, of the local committee, have exerted themselves to make it a hummer.

The carnival festivities will be inaugurated with a parade tonight at 6:30. It will be headed by the city officials in carriages, lead off by Dean's band, then will follow the carnival people, and the carnival officials, these followed in turn by the city fire department, with their engines, hose carts and other fire fighting paraphernalia, lesser organizations will bring up the rear.

The hobo band promises to furnish some rare amusement and surprises all along the route of march.

The parade will start from the city hall, go to Kentucky avenue, from Kentucky avenue to Jefferson street, from Jefferson street to Broadway, from Broadway to Trimble and from Trimble directly to the carnival grounds. Special illuminations are being prepared, and fire will be burned at intervals along the route of the procession.

The entertainment at the carnival proper will not be in full sway until sometime after the procession has reached the grounds, so the public may rest assured that ample time will be allowed them after witnessing the parade to gather in the grounds without their missing any events.

Tomorrow is Commercial day, and the first of the T. P. A. delegates commenced to arrive in town over Sunday. The drummers are promised and expect some warm times on the "Pike."

A number of buildings have already been decorated with red, white and blue, the carnival colors, and others will be decorated by tomorrow. The crowds on the streets today have been unusually large, showing that there must be a great many strangers here.

The automobile club meets on North Fourth street between Broadway and Kentucky avenue at 6:30 this evening to prepare and will be headed by Col. Ben Weille, the president.

Tuesday will be children's day and the children will be admitted free that afternoon, and many special attractions will be provided for them.

TWO SALOONS

Were Visited by Burglars Saturday Night.

Two saloons were broken into Saturday night and wines, cigars and whiskies stolen.

The Cartwright saloon on West Kentucky avenue was broken into and \$2 in pennies, several bottles of wine and liquors and some cigars taken. Entrance was effected in the rear. The saloon was closed on account of the death of Milton Cartwright, a bartender and brother of the proprietor.

The second saloon to be broken into was that of George Andrecht at Madison and Twelfth streets. Entrance was effected through the rear and wines, cigars and tobacco taken. No money was missed.

Her Daughter Ill.

Mrs. W. L. Isaman, of North 6th street, received a message last evening announcing the critical condition of her little daughter, Mattie in Nashville, Tenn., where she went at once.

HOSPITAL BOARD
HAS LET CONTRACT

The Result Will be Submitted
to Council Tuesday.

Contractor Terrell Will Begin Repairing
Brick Streets Tomorrow—
No More Brick Streets

ONE PATIENT IN CITY HOSPITAL

The hospital board held a meeting Saturday afternoon late and awarded contracts for furnishing the new Riverside hospital. It is understood that all the local bidders got contracts for furnishing at least a part, but the operating and sterilizing instruments will be furnished by an Indiana concern. Figures were not given out, and the secretary will not have his report completed before tomorrow's council meeting. The total however, comes within the total amount appropriated, \$3,100.

President Pendley, of the board of health, states that sanitary inspectors are doing good work and report a willingness on the part of residents generally to comply with the law.

There have been many reports of nuisances from all parts of the city and these are placed in the hands of sanitary officers at once. President Pendley wants residents to make the second report in case any nuisance is reported and not remedied at once.

Mayor Yeiser was out of humor this morning and making every one step lively about the hall.

To begin with he discovered where Scott Overton, colored, who conducts a saloon on South Tenth street, had failed to sign his bond of get his bondsmen to sign up. This gave the mayor no recourse in case of a violation of the law in any way and he gave rigid orders to the plain clothes men to go out and make Overton come up and sign his bond. He has been running a saloon for several days and on account of the absence of a license inspector, it had not been noticed until Mayor Yeiser happened across it today.

Mayor Yeiser also got two communications from the board of public works relative to violations of ordinance, complaint of which had been lodged with the board of public works.

One was in regard to horses being hitched in streets and public alleys blocking both streets and alleys and relative to water and gas boxes protruding above the pavement. Mayor Yeiser gave orders to the chief of police to see that warrants were secured against all such violations and to look after such cases.

Contractor E. C. Terrell will today or tomorrow begin making repairs on the streets he built for the city between First and Fifth, Jefferson and Kentucky. He this morning went over the streets with City Engineer Washington and had the bad places pointed out. It is likely the city will have to repair Broadway, as the contractor will not do it.

A letter was today received by the board of public works from the city engineer of Asheville, N. C., in re-

BICYCLES

BICYCLES

gard to the bitulithic streets here it being desired to give the material a trial there. It was stated in the letter that it was reported that some of the papers here had been "roasting" the material, and asked if that was the sentiment of the people. The board will reply that the street has given satisfaction in every respect, and the only fault that could be found was because the contractors, in their desire and haste to show the people of Paducah the value of their compound, attempted to place some of it over ground that had been excavated for storm water sewers and had not settled. Some of this, when rolled, gave in, but will be thoroughly replaced. It is likely that the next contract for streets in Paducah will be for bitulithic material.

It is understood that the asphalt trust will make a hard fight to get a foothold in Paducah when the next street contracts are let. According to report they have already engaged a Paducah man as an assistant, and a good deal of work is being done on the quiet, but it is probable that asphalt will not be used. The board of works prefers the bitulithic material. City Engineer Washington expects to have the plans and specifications for Kentucky avenue and Jefferson street ready by the end of the week.

Today there is but one patient in the city hospital, something that has not occurred before while Mrs. Sarah Birchett was matron. The lone patient is Jim Offord, white, who is suffering from rheumatism, and he is improving. Mrs. Birchett stated today that health had been generally good and her patients had all been doing exceptionally well in the past few months.

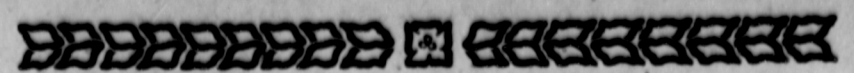

KILLED BY TREE.

Colored Boy Crushed to Death at
Epperson.

News of the death of George Dabney, Jr., colored, aged 15, has been received here. He was cutting a tree down near Epperson, when it hung on a grape vine and fell on the boy, who was trying to get out of the way.

Taken to Asylum.

Mrs. Dick Turner of Fulton, who recently lost her mind, has been taken to the Hopkinsville asylum. It is thought her condition is only temporary.

WHO OUGHT TO SAVE?

This question could be dismissed by merely saying "everybody;" but we are going to enumerate, in the next few days, the ones who have especial need of a bank account.

In brief they are, clerks, professional men and women, bookkeepers, stenographers, collectors, and, in short, all that vast army of young men and women who make their living by their own efforts.

We shall attempt to give particular reasons for the individual person, why he should have relations with a bank, and particularly this bank. They will appear every other day.

MECHANICS AND FARMERS

SAVINGS BANK... 227 Broadway.

Why Pay to Go to College?

Every unmarried American boy, between the ages of 17 and 23 years, who possesses a good common school education, and can pass the necessary physical examination is eligible for admittance to

West Point or Annapolis Academies

The government gives them a military and academic course covering four or more years, and allows each student an annual salary of about \$500, which is more than ample to meet all requirements expenses. At the end of his course he may resign, and enter any profession or trade though a commission awaits him as an officer in the army or navy. OYEZ! OYEZ!

This Honorable Court of Mirth and Merriment is Hereby Convened.

The 6th Annual Paducah Carnival
Swings Wide the Gates

Some of Col. Mundy's Topliners:

THE MENAGERIE

100 wild ferocious beasts of every variety gathered from the four quarters of the globe.

THE HOUSE JACK BUILT.

The architectural puzzle where amusement, laughter and mystification reign.

THE COUNTRY CIRCUS

Horses, dogs and Simians galore, all with a good common school education and a few foxy stunts beside.

THE GERMAN VILLAGE.

Vat it iss, yiss, Hock der funny-niss.

MISS BROWN

Yes she's in town and they do say she's from London. What will the chappies say.

THE CHUTES.

A new version Parisienne novelty tis the laughing rage of the day.

THE HIPPODROME.

Where human feats of prowess, in strength, skill and agility, win plaudits from wondering thousands.

BIGNEY

Topples over backwards for 100 feet. Just a trifle. Anyone can do it if they know how.

DREAMLAND.

Not the pipe kind, but some real beauties.

HEREAFTER

This strange to say is a place which despite its title we can all return from highly edified and amused

SOUTHLAND

Hear those darkies sing, "Mah sakes alive, honey, they are scrumptious."

FIRE AND FLAME.

A modern Pompeii—office buildings and dwellings consumed before your eyes—real fire and real firemen—half a hundred in the grand spectacle.

FERRIS WHEEL.

The biggest ever. The aerial gondollers make Venice look like an overworked penny.

THE GIBSON GIRLS.

Palchritudinous purveyors of vaudeville, song and minstrelsy.

DIAVOLO.

Loops the dread loop and braves the trap of death.

A dazzling electrical display from thousands of incandescents turns night into day and the glittering spires, gilded domes and Arabesque tracteries of the carnival concessions into a veritable fairyland.

300 Events, Specialties and Acts

Grand Inaugural Parade
through the principal streets at 6:30 p. m.

BULLETIN No. 2

Foxy Grandpa and the boys are coming in today to attend the carnival. The boys are warned not to try any tricks on Dutch, the Ballyhoo.
